

MARIONBODY.COM

AERIALS

LADDERS

- **Aerial ladder & platform** - Select what's best for your department.
- **Smart aerial controls** - Increase safety with collision protection, speed control, auto bedding and air system monitoring.
- **Extreme durability** - Hot-dipped galvanized stabilizers and torque boxes increase durability for critical components.
- **You select ladder location** by choosing from mid-mount and rear-mount applications.

PLATFORMS

- **Store items where you need them** with custom compartment design based on aerial selected and department needs.
- **Gain access to your truck how you want** with extruded, flush-mounted or roll-up doors.
- **Warranties for true peace of mind** - We provide a standard 2-year bumper to bumper warranty.
