# COMMERCIAL TRUCK BODIES

MARION BODY WORKS

# TRUCK BODY TYPES

**DRY FREIGHT**

**CURTAINSIDER**

**PLATFORM**

**SPECIALTY**

**REFRIGERATED**

## **BUILT TO WORK. BUILT TO LAST.**

**Strong but lightweight** – Tough enough for the job, without weighing you down.

**Built to fight rust** – Corrosion-resistant materials keep your truck looking sharp longer.

**Proven tough** – Every body goes through rigorous testing before it hits the road.

**Setting industry standards** – Cast aluminum corner caps that can take a beating.

**Solid from the ground up** – Galvanized understructure stands up to the elements.

**Smooth sides, standard** – Your graphics last longer, and your brand looks better.

**Proudly made in Wisconsin** – Using trusted U.S. and global-sourced materials.
