PLATFORMS

A TRADITION OF QUALITY SINCE 1905

EMPOWERED BY PARTNERSHIP

Family-owned means taking time to understand the needs of your fleet. Ask your sales rep about our range of bulkhead heights & customizations for endless hauling capabilities.

IMPRESSIVE VERSATILITY

All platforms feature standard stake pockets on 24" centers with a 3/8" x 3" steel rubrail for pocket protection and excellent tie down capability. Add tool boxes, Conestoga systems, offroad forklift, stake sides, & folding side panels.

SUPERIOR FLOORING

In addition to our high-strength underframe, Marion installs 1-5/6" apitong hardwood flooring as standard with options for steel flooring.

Fully Welded Steel Platform Structure
Naturally Weather-Resistant Apitong Flooring
Under Body Components & Liftgates Available

Integrated Front Bulkheads with Visibility Windows

Sliding Winch Tracks for Load Securement

Stake Pockets on 24" Centers for Excellent Tie-Down Capability
